

Harmony:

a constant, orderly, or pleasing arrangement of parts; congruity

We believe that what you drink must have a connection to what you eat.

Our ethos to the wine list follows the same path as our food, we work with small like-minded winemakers who produce wine varietals that are thought provoking, expressive of their terroir and often made in very small volumes. Coupled with wines that are instant classics and personal favourites that integrate seamlessly with the current renegades of the wine industry.
